

| Laser engraving and cutting machine TI-1390 |  |
|---|--|
| <b>Laser source</b>                         | Glass CO2 laser tube sealed (optional RF laser)  |
| <b>Laser power</b>                          | 60W – 180W   |
| <b>Effective work area</b>                  | 1300 x 900 mm  |
| <b>Max. speed</b>                           | 1500 mm/s  |
| <b>Controller + software</b>                | DSP controller system and laser software (laser works)   |
| <b>Motors</b>                               | Easy servo closed loop system  |
| <b>Cooling system</b>                       | 5000-series active cooling   |
| <b>Repeatability</b>                        | < 0.01 mm  |
| <b>Minimum engraving characters</b>         | 1 x 1 mm   |
| <b>Additional features</b>                  | Red dot laser pointer, auto focus, compressor (24liter), electrical valve for air supply                     |
| <b>Laser Beam guiding</b>                   | 3 mirrors Mo, Ø 25 mm, 3 mm thickness  |
| <b>Focus lens</b>                           | Znse, Ø 20 mm, focus length 38.1 en 63.5 mm  |
| <b>Worktable</b>                            | Cutting bars, electrical up/down 250 mm  |
| <b>Safety</b>                               | Door switches, main switch, on/off key, door locks, emergency stop, laser protection during cooling problems |
| <b>Communication</b>                        | USB, Ethernet  |
| <b>Compatible computer system</b>           | Windows XP, Vista, 7, 8 and 10   |
| <b>Supported file format</b>                | BMP, PLT, DST, DXF en AI   |
| <b>Workable materials</b>                   | Wood, Acrylic, Plastic, Rubber, Paper, Textile, Stone, etc.  |
| <b>Operation temperature</b>                | 10 – 45°C  |
| <b>Moisture</b>                             | 5 – 95%  |
| <b>Power usage</b>                          | Depending on laser power en options. Max 2.5 kW  |
| <b>Dimensions</b>                           | 2100 (b) x 1500 (d) x 1100 (h) mm  |
| <b>Warranty</b>                             | 24 months for construction and electronics, 9 months for laser source  |
